HIGHLIGHTS

OUR UKRAINIAN AND RUSSIAN WORK

TFTWMS translates studies of the Scriptures each month with the help of a very qualified translator in western Ukraine. About two thousand copies of each issue are mailed to six Russian-speaking countries. In this language, we send several copies to each congregation so that the Christians can study together.

We hear from the Christians in Russia and Ukraine that they use the study materials online at www.biblecourses.com. Each month's study is placed on the site for easy access. We continue to pray for the Christians remaining in the Donetsk region of war-torn eastern Ukraine who cannot receive the printed literature at this time.

Sending Studies Of the Life of Christ to Latin America

Truth for Today World Mission School (TFTWMS) is preparing for Year 2 of Covering the Continents with the two-volume study of *The Life of Christ*. This harmony of the life of Christ will go to national preachers and teachers throughout Latin America later in the year 2020. The Spanish translation is prepared, and the proofreading and finalizing steps are being done so that the volumes can be printed and distributed. Please be praying for Latin American missionary efforts.

A Note from Eddie Cloer About Africa:

The thousands of sets of *The Life of Christ* in English are being sent in February to at least twelve countries in Africa. More than one hundred schools of preaching will benefit. Hundreds of additional sets are being sent to men in Ghana, Kenya, Malawi, Nigeria, and Zambia. Thank you for helping to build up these preachers.
