

Truth for Today

World Mission School

HIGHLIGHTS

OUR WORK IN HONDURAS

Truth for Today World Mission School provides studies of the Scriptures in Spanish to preachers and teachers in Honduras. Each month, two hundred issues are distributed to seventy-two preachers.

In 2020 and 2021, many preachers in Honduras have received studies in the Gospel of John and Song of Solomon. One preacher thanked TFTWMS "for providing us with these valuable tools that allow us to preach the Word of God in a more effective way and communicate the message of love and peace to people who don't know the plan of salvation of God for mankind."

Covering the Continents: Sending Studies of *The Life of Christ* to Latin America

Truth for Today World Mission School (TFTWMS) is furthering its outreach of covering one-tenth of the world year by year with the two-volume study of *The Life of Christ*. This harmony of the life of Christ will go in Spanish to national preachers and teachers throughout Latin America this year. The Portuguese studies are also translated and will be made ready for distribution. We are locating key men to help in each country. For more information on how you can help, contact TFTWMS at

staff@biblecourses.com or 501-268-7588.

A Note from Eddie Cloer:

Thank you for continuing to donate to this global mission work! Further distribution of the sets of *The Life of Christ* to Africa has taken place. In April, 240 sets went by container to Kenya, and 424 are being shipped to men in Nigeria. I am contacting brethren about our big effort for 2022: *The Life of Christ* studies for the U.S.!
