## World Mission School

### HIGHLIGHTS

#### OUR INDONESIAN WORK

Truth for Today World Mission School is producing and mailing Bible studies to those who speak Indonesian. With each printing, 1,000 copies are distributed. By printing and mailing these within Indonesia, we save on the costs. A study of Matthew has just been completed. Other studies sent out include material on the life of Christ, and the study of Acts is beginning.

On July 30, 2019, brother Foredy Supratman of Searcy, Arkansas, visited with the congregation where the main translator works and worships. He could see the vitality of the Lord's church in Jakarta.

### Covering the Continent of Africa With Studies of the Life of Christ

Truth for Today World Mission School (TFTWMS) is sending pairs of commentaries, *The Life of Christ 1 & 2*, to people who want to study the Scriptures but do not currently have ready access to the Internet. Over 400 volumes are on a container going to Nigeria in cooperation with Mission Printing, Inc., of Arlington, Texas.

This effort involves sending many thousands of sets of these books to spread knowledge of the life of our Lord throughout Nigeria and the rest of English-speaking Africa.
