

Truth for Today

World Mission School

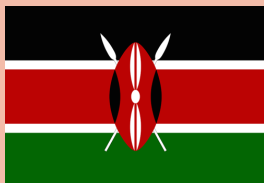

HIGHLIGHTS

OUR WORK IN KENYA

About 300 preachers in Kenya receive the printed preacher school of *Truth for Today* studies regularly. This large effort encourages these men, as 3,000 copies are sent per year.

One teacher from Eldoret, Kenya, who has received study materials from TFTWMS, said, "I'm very grateful for these wonderful, inspirational messages which have really built my spiritual life as well as those whom I minister to."

Fifty students have been part of the Biblical Learning Centers, studying through "The Life of Christ, 1 and 2" with seven principals. The students are guided through the courses and take their tests on the computers belonging to the principals.

Covering the Continents: Evangelizing America with Studies of the Life of Christ

Truth for Today World Mission School (TFTWMS) put together a plan that will equip churches throughout the United States to teach "The Life of Christ." In the year 2022, these churches will go through the two-volume study by David Roper. All of the materials needed will be available and will be accompanied by a website designed to guide a teacher through the classes. Those who go through this study will be both blessed and transformed. To learn more, contact TFTWMS at

staff@biblecourses.com or 501-268-7588.

A Note from Eddie Cloer:

We send our thanks to many churches and individuals who are continuing to donate to this global mission work! Further distribution of the sets of *The Life of Christ* in Africa has taken place in Liberia, Ghana, and South Africa. I am looking for key contacts for sending *The Life of Christ* studies to Latin America! If you know of a preacher or teacher who would want to be a "one-man" school, email me at ecloer@biblecourses.com.
